To qualify for the reimbursement of Courtesy Pay Fees, You must have met the qualification requirements set forth that qualification cycle. After meeting this requirement, any Courtesy Pay Fees You may incur during a qualification cycle may be reimbursed by the Credit Union, up to \$25.00 per qualification cycle, and subject to a maximum of \$100.00. If, at any time, You fail to meet the qualification requirements during a qualification cycle, You must subsequently restart the qualification requirements before You will qualify for the reimbursement of Courtesy Pay Fees.

GENERAL TERMS APPLICABLE TO ALL ACCOUNTS

Member in Good Standing. The Account services described in these Agreements and Disclosures are available to those members in good standing with the Credit Union. We reserve the right to suspend services to a member who is not in good standing, which includes members that have:

- a delinquent loan.
- a primary share Account balance below the \$5.00 minimum.
- an unresolved deposited returned check.
- unpaid and/or uncollected credit union fees.
- a negative balance on an Account.
- caused a loss to the Credit Union.

Minimum Balance Requirements. To be a member and maintain Accounts with Us You must purchase one share in the Credit Union. The par value of a share in this Credit Union is \$5.00. If the balance in Your Share Account drops below one share (\$5.00) We may, at Our option, close Your Account.

Nonsufficient Funds Returns. Any check or pre-authorized transfer, or transaction made through the use of a debit card, or other electronic means, as is applicable (including any in-person transaction), that is presented to Us for payment on Your Account when Your Account lacks sufficient collected funds to pay any such item may, at Our option, be returned for nonsufficient funds or We may honor any such item. We will charge a fee for each item returned due to nonsufficient funds, and subject to applicable law, We may charge a fee for each item that We elect to honor when Your Account lacks sufficient collected funds.

Overdraft Balance Calculation. When processing transactions that debit or credit Your Account, We start each Business Day with Your final Account balance from the preceding Business Day. The final balance takes into Account all of the debit and credit transactions that were settled that Business Day pursuant to Our Funds Availability Policy, as well as any other debits or credits to Your Account that were finally settled that day, as described above in the "Deposit of Items" and "Collection and Processing of Items" sections of the Account Agreement. This starting balance at the beginning of a Business Day (the preceding Business Day's final balance) is sometimes referred to as Your "actual balance."

As credits and debits to Your Account are received by Us, We add them to and subtract them from Your actual balance. Examples of credits include, but are not limited to, electronic direct deposits, check deposits that have been fully and finally collected, ACH credits that have settled that day, and cash deposits made to one of Our tellers. Examples of debits include, but are not limited to, checks drawn on Your Account that are presented to Us for payment together with such checks that are returned unpaid and subsequently represented for payment, electronic fund transfer (EFT) debit transactions (such as preauthorized payments and settled EFT debits) and all reinitiated electronic fund transfer (EFT) debit transactions

ACCOUNT DISCLOSURES (continued)

(such as preauthorized payments), memo-posted EFT debits (EFT debits that We have authorized but which have not been settled), and all Credit Union fees and charges. As noted above, these examples are not an exhaustive list and should not be construed as such. The result of this calculation at any given point in time is called Your "available balance."

For the purpose of determining whether an overdraft has occurred, We use Your available balance. First, We add all of the settled credit transactions to the beginning actual balance. Then, We subtract all of the debit transactions that settled that day. We also subtract all of the pending debit transactions. This determines the available balance for overdraft purposes. Each debit transaction that We process when Your Account has, or will have, a negative available balance is an overdraft, subject to an overdraft charge.

Subject to applicable law, You are responsible for paying any overdraft fees and charges assessed in connection with Our payment of an overdraft, as well as any NSF fees charged to Your Account when We dishonor and return an item for non-sufficient funds. It is Your responsibility to know Your Account balance, and if You have any questions You should contact a Credit Union representative.

Nature of Dividends. All dividends are paid from current income and available earnings, after required transfers to reserves at the end of a dividend period.

Additional Transaction Limitations. For all Accounts (except share draft Accounts) during any statement period, You may not make more than six withdrawals from or transfers to another Credit Union Account of Yours or to a third

party by means of a pre-authorized or automatic transfer or telephonic order or instruction, or by check, draft, debit card, if applicable, or similar order to a third party. If You exceed these limitations, Your Account may be subject to closure by the Credit Union.

For all Accounts (except share draft Accounts), the Credit Union reserves the right to require a member intending to make a withdrawal to give written notice of such intent not less than seven days and up to 60 days before any such withdrawal.

Compounding and Crediting. For all dividend-bearing Accounts, dividends will be earned daily for each day on which Your balance equals or exceeds the minimum balance requirement for Your Account. For all dividend-bearing Accounts, the dividend period is monthly, and dividends will be compounded and credited to Your Account monthly.

Balance Computation Method. For all dividend bearing Accounts, dividends will be calculated by the daily balance method which applies a daily periodic rate to the principal in Your Account each day.

Accrual on Noncash Deposits. For all dividend bearing Accounts, dividends will begin to accrue on the business day that You deposit noncash items (e.g. checks) into Your Account.

Fees and Charges. Any fees and charges applicable to Your Account are disclosed on the accompanying schedule of fees and charges provided in conjunction with these Agreements and Disclosures.
